HOW CAN I HELP YOU ?

As a Soul Midwife, I regard every dying person in my care as if he or she is the most important person in the world.

All are cared for as if they are a cherished friend or family member.

I have the skills, time and specialist knowledge of the dying process to make a huge difference at the end of life.

I offer a range of gentle therapies to soothe and reassure, and am a skilled advocate and advisor . I am non-denominational in my pastoral support, and encourage deep conversation with love and dignity.

My work may start from point of diagnosis and continue until the final day of life always encouraging living fully until the end.

Soul Midwives are recommended by many doctors, hospices and chaplaincy teams.

We complete an intensive training programme at the Soul Midwives' School.

All qualified Soul Midwives are registered with the school and fully insured.

I am always happy to provide evidence of my practising certificate and Insurance documentation on request.

Alternatively, please contact the Soul Midwives School for a reference.
